

# Portable Concrete Mixer with Rotating Drum

This portable concrete mixer is equipped with a rotating drum for efficiently blending cement, sand, and gravel. Mounted on a wheeled frame, it ensures easy transportation and includes a hand wheel for controlled pouring.

## Product Overview

### Portable Concrete Mixer

This portable concrete mixer is designed for efficient on-site mixing of cement, sand, and gravel. Featuring a rotating drum mechanism and a robust wheeled frame, it offers excellent mobility for construction projects. The unit is powered by a reliable electric motor housed in a protective casing for enhanced durability and safety.

## Technical Specifications

### Motor Protection

Protective housing • Enclosed design

### Mixing Mechanism

Rotating drum

### Power Source

Electric motor

## Design and Mobility

### Mobility

- Wheeled frame
- Portable design
- Easy transportation

### Operation Controls

Hand wheel for tilting drum

## Applications

### Compatible Materials

Cement, Sand, Gravel
