

Portable Concrete Mixer with Rotating Drum

This portable concrete mixer is equipped with a rotating drum for efficiently blending cement, sand, and gravel. Its wheelbarrow-style frame ensures easy maneuverability, making it suitable for small to medium-sized construction tasks.

Product Overview

Professional Portable Mixing Solution

The CT120-M portable concrete mixer is engineered for efficiency in small to medium-sized construction projects. It features a robust rotating drum design optimized for blending cement, sand, and gravel with ease. The integrated wheelbarrow-style frame ensures maximum maneuverability on job sites, while the compact motor provides reliable and consistent mixing performance.

Technical Specifications

Primary Applications

- Cement mixing
- Sand and gravel blending
- Small-scale construction
- Medium-sized site projects

Model Number	CT120-M
Design Features	Rotating Drum, Wheelbarrow-style Frame, Portable, Compact
