

Portable Desktop Speaker with LED Lighting

This portable desktop speaker system is designed for both indoor and outdoor use. It features Bluetooth, USB/TF, FM radio, and aux inputs, as well as mic and guitar inputs for accompaniment.

Overview

Versatile Portable Audio Solution

This portable desktop speaker combines powerful audio performance with dynamic visual appeal. Designed for versatility, it supports multiple input methods including Bluetooth, USB, and auxiliary connections, making it perfect for various audio needs. With integrated microphone and guitar inputs, it serves as an excellent accompaniment for singing and live performances, enhanced by a color-changing LED light display.
