

Portable Diesel Power Generator

This portable diesel generator is designed for a reliable power supply. It is suitable for applications such as construction sites, outdoor events, and emergency backup power.

Overview

Reliable Portable Diesel Power

This portable diesel generator is engineered for dependable power supply in diverse environments, from construction sites to outdoor events. It features a robust, durable frame and an intuitive easy-start system for seamless operation. Designed with safety in mind, it includes critical protections such as overload prevention and low oil shutdown, ensuring longevity and consistent performance for your essential equipment.

Technical Specifications

Model Number	ZH-3000
Output Voltage	AC 220V

Key Features

Performance Metrics

3000 W Rated Power Output

Suitable Applications

- Construction Sites
- Outdoor Events
- Emergency Backup Power

Safety Features	Overload Protection, Low Oil Shutdown
