Overview

Compact Digital Tire Inflator

This portable digital tire inflator is designed for rapid and accurate tire maintenance, featuring a built-in digital display for precise pressure monitoring. Equipped with an integrated LED flashlight that includes an SOS function, it ensures safety and visibility during roadside emergencies. The device supports multiple pressure units and automatic shut-off functionality to prevent over-inflation, making it an essential tool for vehicles, sports equipment, and various inflatables.

Technical Specifications

Rated Power	120 W
Input Voltage	DC 12 V
Max Current	10 A

Performance

Inflation Time	d 5minutes 30 seconds
----------------	-----------------------

Physical Dimensions

Dimensions	185 x 77 x 175 mm
Weight	1.1 kg

Features

Supported Units

- PSI
- BAR
- KPA

Key Capabilities

Digital Display, Auto Shut-off, LED Flashlight, SOS Function, Cordless Operation, Multi-Unit Support
