Overview

Versatile 3-in-1 Divided Structure Steamer

The SY5510 is a versatile garment care solution that functions as a steam brush, hanging steamer, and flat steam iron. Its unique divided structure and 360-degree all-direction steam output allow for flexible use, whether hanging, flat, or wall-mounted. Designed for professional-grade results, it features a rapid 30-second heat-up time and dual steam levels to safely treat almost any fabric type.
