Portable Dry Powder Fire Extinguisher

This portable fire extinguisher is designed for extinguishing Class A, B, and C fires. It features a durable steel cylinder, a pressure gauge, and a discharge hose with nozzle.

Overview

Versatile Fire Safety Solution

This portable dry powder fire extinguisher is a versatile safety tool designed to combat Class A, B, and C fires effectively. Encased in a durable steel cylinder, it features a clear pressure gauge for easy monitoring and a discharge hose for precise application. It is an ideal choice for maintaining safety standards in industrial, commercial, and residential environments with minimal residue left after use.

Technical Specifications

Capacity

4 kg
Agent Weight
