Overview

Versatile Portable Mixing Solution

This portable electric concrete mixer is designed for both professional job sites and DIY home projects, offering a reliable solution for mixing concrete, mortar, and stucco. Its durable all-steel frame and heavy-duty drum ensure long-lasting performance under demanding conditions. The unit features large wheels and a compact design, making it exceptionally easy to transport and maneuver across various terrains.

Key Performance Metrics

Performance Highlights

115 L

Drum Capacity

450 W

Motor Power

400 mm

Drum Mouth

Technical Specifications

Model	QTP4105
Motor Output	450 W
Drum Volume	115 Liters
Drum Mouth Diameter	400 mm

Physical Dimensions

Overall Dimensions (LxWxH)	130 x 91 x 158 cm
Product Weight	61 kg

Construction & Design

The QTP4105 features a heavy-duty steel drum and a robust frame designed for easy transport on construction sites.

Safety & Operation

- Safety on/off switch for hands-free operation
- Tilting drum mechanism for controlled pouring
- Safety lock to prevent accidental tipping
- Stable base for secure operation

Frame Construction

All-steel durable frame

Mobility Features

Large Wheels, Portable Design, Pneumatic Tires

Applications

Suitable Materials

Concrete • Mortar • Stucco • Plaster
