Overview

Convenient On-the-Go Heating

This portable electric food warmer is designed to make mealtime simple and convenient, whether you are at the office, traveling, or outdoors. Featuring a unique PTC heating element, it safely warms your meals to approximately 80°C in just 45 minutes. With a dual-compartment design including a stainless steel rice bowl and a separate PP plastic dish box, it offers a practical solution for keeping your food warm and organized.
