Product Overview

High-Efficiency Portable Heating

This portable electric space heater features advanced frequency conversion technology for significant energy savings and extended component life. Engineered with a patented hedgehog heating unit, it ensures a 99% heat transfer rate and superior air convection for whole-house heating. With intelligent WiFi control and ultra-quiet operation, this unit combines modern convenience with robust safety features, including IP24 waterproofing and precise temperature regulation.

Performance & Efficiency

Energy Efficiency

| | |
|------------------------------|-----------------------------------|
| 30 % Power Savings | 99 % Heat Transfer Rate |
|------------------------------|-----------------------------------|

| | |
|---------------------------|--|
| Heating Technology | Patented hedgehog heating unit with 37% increased cooling area |
|---------------------------|--|

| | |
|-----------------------------|--------|
| Temperature Accuracy | 0.1 °C |
|-----------------------------|--------|

Smart Features

Smart Functions

- One-key lock
- One-key light off
- Scheduled heating

| | |
|---------------------|---|
| Connectivity | WiFi Enabled, App Control, Real-time Monitoring |
|---------------------|---|

Safety & Design

Safety Protections

IP24 Waterproof • Dump Power Off • Overheating Protection

Design Highlights

- Aerodynamic design
- Large air inlet
- Enhanced air convection
- No light emission
- Odorless operation

Noise Level

10 dB
