

Portable Electric Space Heater

This portable electric space heater provides efficient space heating for indoor environments. It features an adjustable thermostat and safety features such as a protective grill and stable base.

Product Overview

Efficient Portable Heating Solution

This portable electric space heater is designed for versatile indoor heating, offering reliable performance for home or office environments. It features a dual-setting heating system for energy efficiency and a cool-touch cabinet for safe handling. With its compact design and integrated handle, it provides a convenient and portable solution for localized warmth.

Technical Specifications

Heat Settings

400 W

Low Heat

800 W

High Heat

Model Number

QH02(LX-2810)

Safety & Construction

Certifications

CE • SAA • SASO • CB • RoHS

Safety Features

Safety Tip-Over Switch, Cool-Touch Cabinet, High-Temperature-Resistant Housing

Design & Portability

Portability Features

- Integrated carry handle
- Compact portable design
- Lightweight construction
