

Portable Electric Tile Saw

This portable electric tile saw is designed for cutting ceramic, porcelain, and stone tiles. It features a diamond blade for precise cuts, a water cooling system, and an adjustable cutting table.

Product Overview

Professional Tile Cutting Performance

This portable electric tile saw is engineered for precision cutting of ceramic, porcelain, and natural stone tiles. Featuring an integrated water cooling system, it effectively manages dust and friction to ensure clean, professional-grade results. Its robust design is suitable for both demanding DIY projects and professional-grade tile installation workflows.

Key Features

Core Features

Water Cooling System, Diamond Blade, Adjustable Cutting Table, Dust Reduction

Technical Specifications

Cutting Capabilities

1 High

Cutting Precision

Supported Materials

- Ceramic Tiles
- Porcelain Tiles
- Natural Stone

Design Advantages

- Enhanced dust suppression
- Reduced friction for blade longevity
- Scalable support for various tile sizes
