Product Overview

Portable High-Performance Inflator

This portable electric tire inflator is engineered for reliable performance in both roadside emergencies and routine maintenance. Featuring a robust 30mm cylinder and a 40-minute duty cycle, it provides consistent air pressure for various vehicle types. Its compact design and versatile power options make it an essential tool for automotive professionals and fleet maintenance.

Technical Specifications

Maximum Pressure

100 PSI
Max Pressure

Power Supply	DC 12V/24V
Rated Current	14 A
Cylinder Diameter	30 mm
Duty Cycle	40 minutes

Dimensions and Weight

Net Weight	1.9 kg
Product Size	23 x 21.5 x 20 cm

Logistics and Packaging

Logistics Table

Metric	Value
Packing Size	43.5 x 42.5 x 36 cm
Quantity per Carton	8 pcs
20ft Container Load	6,264 pcs

Features

Key Features

Portable Design, 1m Air Hose, 3m Power Cord, Color Box Packaging
