

Portable Emergency Safety Lamp

This portable emergency lamp is designed for safety and illumination. It features a cylindrical transparent housing with a carrying handle and a control panel.

Overview

Portable Emergency Lighting Solution

This portable emergency safety lamp is designed for reliable illumination during power outages or outdoor activities. It features a versatile 360-degree light distribution system and is equipped with both discharge and overcharge protection to ensure battery longevity. The unit includes a durable metal handle and stand, making it easy to carry or position as needed.
