

Portable Evaporative Air Cooler with Digital Display

This portable evaporative air cooler provides efficient cooling through water evaporation. It features a multi-speed fan, adjustable louvers, a digital display, and caster wheels for easy movement.

Product Overview

High-Efficiency Portable Cooling

This portable evaporative air cooler is designed to deliver efficient, localized cooling for various environments. Featuring an intuitive digital display and control panel, it offers precise operation for managing airflow and cooling settings. With integrated caster wheels and adjustable louvers, this unit provides flexible, directional cooling exactly where it is needed most.

Key Features

Features

- Digital display control panel
- Adjustable directional louvers
- Multi-speed fan settings
- Integrated water tank
- Water level indicator
- Portable design with caster wheels
