

Portable Evaporative Air Cooler with Ionizer

This portable evaporative air cooler features an ionizer to purify the air. It includes a remote control and consumes 80W of power.

Product Overview

Efficient Cooling and Air Purification

This portable evaporative air cooler is designed to provide efficient cooling while improving indoor air quality. Equipped with a built-in ionizer, it actively cleans the air as it cools, making it an ideal solution for maintaining a comfortable and healthy environment. The unit features convenient remote control operation, allowing users to adjust settings easily from a distance.

Technical Specifications

Power Consumption	80 W
Model Number	TJ-XK08B
Key Features	Ionizer, Remote Control, Portable

Dimensions and Logistics

Body Dimensions	345 x 285 x 785 mm
Package Dimensions	380 x 318 x 805 mm
40'HQ Capacity	726 PCS
