

Portable Evaporative Air Cooler with Multiple Speed Settings

This air cooler consumes less energy than an air conditioner and can also be used as a fan. Its compact design and four wheels allow for easy movement and storage, making it suitable for bedrooms, living rooms, and offices.

Product Overview

Efficient Cooling Solution

This portable evaporative air cooler is designed to provide effective cooling in various environments. Featuring multiple speed settings and an integrated oscillation function, it ensures optimal airflow distribution. Its compact, wheel-mounted design offers superior mobility, making it an ideal choice for spaces requiring flexible climate control.

Performance

Speed Settings	3 levels
Oscillation	Yes

Design & Mobility

Mobility	Portable, Wheel-mounted, Compact
Water Level Monitoring	Transparent level indicator
