

# Portable Evaporative Air Cooler with Radial Fan

This air cooler provides efficient and localized cooling. It features a radial fan design for optimal airflow, an integrated water tank with a visible level indicator, and a control panel for easy operation.

## Product Overview

### Efficient Portable Cooling

This portable evaporative air cooler utilizes an advanced radial fan design to deliver consistent, localized cooling for home or office environments. Equipped with a 9L water tank and a high-efficiency paper cooling pad, it provides effective temperature regulation. The unit is designed for convenience, featuring mobility casters, remote control operation, and multiple airflow settings to suit various comfort needs.

Model Number

TJ-222A

## Key Features

### Performance Highlights

**9 L**

Water Tank Capacity

**7.5 hours**

Timer Duration

### Control & Operation

- Remote control included
- 3 speed settings
- 3 wind modes

Additional Features

Radial Fan Design, Paper Cooling Pad, Optional Ionizer

## Logistics & Packaging

### Shipping Information
