

Portable Evaporative Air Cooler with Remote Control

This portable evaporative air cooler provides energy-efficient cooling for personal spaces. It features a remote control, adjustable fan speeds, and easy mobility with its built-in wheels.

Product specification	
Product model	20-40Y
Max airflow rate	4800m ³ /h
Max air pressure	40pa
Voltage/frequency	220V/50Hz
Power	0.23kw
Working current	1.0A
Tap control mode	Remote control/touch
Water tank capacity	4.5L
Air flow adjustment	3/5/8 speeds
Noise	62dB
Effective area	20-40m ²
Tap fan speed	28kg
Physical dimension	620*500*1000mm
Dimension of air outlet	494*500mm

Product Overview

Sleek and compact design suitable for various environments

High-Efficiency Portable Cooling

This portable evaporative air cooler provides an energy-saving and environmentally friendly cooling solution for both indoor and outdoor spaces. Designed for mobility, the unit features integrated wheels and a sleek, compact structure that fits well in various settings, from living rooms to commercial venues. It offers powerful airflow and advanced features like UV sterilization, ensuring a comfortable and hygienic environment.

Technical Specifications

Electrical Requirements

Parameter	Value
Voltage	220V
Frequency	50Hz
Power Consumption	0.23kW
Working Current	1.0A

Dimensions & Weight

- Unit Dimensions: 620 x 500 x 1080 mm
- Air Outlet Dimensions: 494 x 560 mm
- Net Weight: 26 kg

Features

Primary Features	Remote Control, Touch Panel, UV Sterilization, 3-Speed Airflow, Dust-proof Design, Insect-proof Design
Water Tank Capacity	45 L
