

# Portable Evaporative Air Cooler with Remote Control

This portable air cooler is designed for personal climate control in small to medium-sized rooms. It features adjustable louvers, a digital display, a multi-speed fan, and a washable filter.

## ADDITIONAL IMAGES

## Overview

### Versatile Climate Control

This high-efficiency evaporative air cooler is designed to provide comprehensive climate control for residential spaces, ranging from compact urban rooms to larger living areas. It combines cooling, ventilation, humidification, and air purification into one convenient unit. With user-friendly features like a full-function remote control, programmable timer, and multiple airflow modes, it offers a flexible solution for maintaining comfort throughout the day and night.

## Technical Specifications

Power Supply	220V-240V, 50Hz
Power Consumption	130 W
Water Tank Capacity	12 L

## Performance & Features

### Key Performance Metrics

**3 levels**

Wind Speeds

**9 hours**

Max Timer Duration

### Core Functions

- Cooling
- Ventilation
- Humidification
- Purification
- Auto vertical louver swing
- Water shortage alarm

### Airflow Modes

Natural, Sleep, Normal

## Design & Usability

### Usability Features

Remote Control • Graphic LCD Display • Portable Castors • Washable Dust Filter • Low Noise Operation
