

# Portable Fabric Shaver for Lint and Fuzz Removal

This portable fabric shaver is designed for removing lint, fuzz, and pills from clothing and upholstery. It features a rotating blade system covered by a mesh screen and includes a detachable lint collector.

## Product Overview

### Professional Fabric Care Solution

This portable fabric shaver is designed to effectively remove lint, fuzz, and pilling from a variety of textiles including clothing and upholstery. Featuring a high-speed rotating blade system protected by a durable mesh screen, it ensures safe operation on delicate fabrics. The ergonomic design provides comfortable handling, making it an essential tool for garment maintenance at home or while traveling.
