Product Overview

Versatile Climate Control

This compact and portable device seamlessly integrates a fan and a PTC (Positive Temperature Coefficient) heater into a single, space-saving unit. Designed for personal use, it features a unique foldable design that allows for easy adjustment of airflow and heat direction. With safety features like overheat protection and quiet operation, it is an ideal solution for maintaining comfort in small workspaces, bedrooms, or offices.

Technical Specifications

Power Consumption	400 W
Heating Element	PTC (Positive Temperature Coefficient)

Features

Design Options

Optional LED Light • Foldable/Adjustable Fan

Safety & Operation	Overheat Protection, Low Noise Operation
