

Portable Gasoline Generator

This portable gasoline generator provides electrical power in remote locations or during power outages. It features a robust frame for protection and portability, a gasoline-powered engine, and an AC output socket.

Product Overview

Reliable Portable Power Solution

This portable gasoline generator is engineered to provide dependable electrical power in remote locations or during unexpected power outages. Built with a robust protective frame, it ensures durability and ease of transport for demanding environments. It serves as an ideal solution for construction sites, outdoor camping, and emergency backup power applications.

Key Features

Design Highlights

- Robust protective frame
- Portable design
- Gasoline-powered engine
- AC output socket

Suitable Applications

Construction Sites, Camping, Emergency Backup

Performance

Power Source	Gasoline
Output Type	AC
