

# Portable Gasoline Generator

This gasoline generator is designed to provide reliable power in various applications. It features a durable frame with wheels for easy portability.

## Product Overview

### Reliable Portable Power

This portable gasoline generator is engineered to deliver dependable electrical power for a wide range of residential and commercial applications. Designed for maximum mobility, it features a robust frame equipped with integrated wheels for easy transport across job sites or properties. With a stable power output and user-friendly control panel, it serves as an ideal solution for emergency backup during power outages or as a primary power source in remote locations.

## Performance Specifications

### Rated Power Output

**5.5 kW**

Rated Power

### Model Identifier

1DS6500EW

## Design & Features

### Suitable For

- Residential Use
- Commercial Use
- Emergency Backup
- Remote Locations

### Portability

Wheels, Durable Frame, Portable Design
