

# Portable Gasoline Generator

This gasoline generator is designed for portable power generation. It delivers a maximum power of 2300W and continuous power of 2000W with a 7.0hp engine.

## ADDITIONAL IMAGES

## Overview

### Reliable Portable Power Generation

This portable gasoline generator is designed for efficient and consistent power output in various applications. Featuring a 7.0hp engine, it provides a maximum power of 2300W and a continuous power of 2000W, making it a robust solution for backup or remote energy needs. Built with durability in mind, the unit includes essential safety features like circuit protection and is certified for international quality standards.

## Performance Metrics

### Key Performance Indicators

**2300 W**

Max Power

**2000 W**

Continuous Power

**7 hp**

Engine Power

**3000 rpm**

Operating Speed

## Technical Specifications

### Technical Data

Parameter	Value
Frequency	50Hz
Power Factor (cos $\phi$ )	1
DC Output	12V

### Safety & Compliance

CE Certified, ISO 9001 Certified, Circuit Breaker, Voltmeter
