

# Portable Gasoline Generator

This portable generator is designed for various power needs and features a durable frame for protection. It includes an easy-to-read control panel with multiple outlets, voltage meter, and circuit breakers for safe operation.

## Overview

### Reliable Portable Power Solution

This portable gasoline generator is engineered for versatility and durability, making it an ideal choice for backup power, construction sites, and outdoor events. Featuring a robust single-cylinder, 4-stroke OHV engine with air cooling, it ensures efficient operation and consistent performance. The unit is designed with a protective frame for easy portability and includes a comprehensive control panel for safe and intuitive usage.

## Technical Specifications

### Rated Output

**5 KW**

Rated Output (50Hz)

**5.3 KW**

Rated Output (60Hz)

### Max Output

**5.5 KW**

Max Output (50Hz)

**5.8 KW**

Max Output (60Hz)

### Engine Configuration

Single Cylinder, 4-Stroke, OHV 25°, Air Cooling

## Electrical Data

### Electrical Performance

Parameter	50Hz Operation	60Hz Operation
Rated Voltage	220V	110/220V
Rated Amperage	23A	48/24A

### Power Factor

1

## Physical Dimensions

### Weight and Size

- Dimensions: 695 x 525 x 575 mm
- Gross Weight: 82 kg
- Net Weight: 79 kg

## Logistics

### Container Loading Capacity

**140 units**

20GP

**280 units**
