

Portable Gasoline Generator

This portable gasoline generator provides reliable power for various applications. It features a robust frame for durability and easy transport, a gasoline-powered engine, and an AC output.

Product Overview

Professional Portable Power Solution

This portable gasoline generator is engineered to deliver reliable electrical power across diverse professional and recreational environments. Featuring a robust, durable frame for enhanced portability and longevity, it provides consistent energy output for essential equipment. The integrated control panel ensures safety and operational efficiency, making it an excellent choice for construction sites, camping, and critical emergency power backups.

Technical Specifications

Rated Power Output

0.5 kW

Rated Power

Electrical Characteristics

Feature	Specification
Voltage	220V
Output Type	AC
Model Identifier	L.20F-2

Control and Safety

Monitoring and Protection

Voltmeter, Circuit Breaker, AC Outlet, On/Off Switch

Applications

Typical Use Cases

- Construction Sites
- Camping
- Emergency Power Backup
