

Portable Gasoline Generator

This gasoline generator is designed to provide reliable portable power. Featuring a robust engine and durable construction, it's suitable for a variety of applications, including construction sites, outdoor events, and emergency backup power.

Overview

Reliable Portable Power Solution

This gasoline generator is engineered to deliver dependable portable power for a wide range of professional and emergency applications. Featuring a robust engine and a durable protective frame, it is built to withstand the demands of construction sites and outdoor events. The unit is equipped with automatic voltage regulation and an easy-start system, ensuring stable power delivery and user-friendly operation.

Performance

Rated Power Output

1900 W

Model Capacity

Voltage Regulation

Yes

Safety & Maintenance

Safety Features

Low Oil Shutdown, Protective Frame, Automatic Voltage Regulation

Connectivity

AC Outlets

Multiple AC outlets included

Design

Design Highlights

- Compact design
- Protective roll cage
- Easy start system
