

Portable Gasoline Generator Set

This portable generator provides reliable power for various applications. It features a robust construction, a 6.5 HP engine, and a user-friendly control panel.

Product Overview

Portable Power Solution

This portable gasoline generator is designed for reliable power output in both residential and commercial environments. Built with a robust frame and a high-performance 6.5 HP engine, it ensures durability and consistent energy delivery. The unit features 100% copper wiring for efficient power transmission and provides the convenience of both recoil and electric starting systems.

Performance Metrics

Key Performance Metrics

0.75 KW

Rated Output

0.76 KW

Max Output

6.5 HP

Engine Power

67 dB

Noise Level

Electrical Specifications

Electrical Parameters

Parameter	Value
Frequency	50 Hz
Voltage	220 V
Rated Current	11.4 A

Engine Details

Engine Technical Data

- Model: GX200
- Displacement: 196 cc
- Starting System: Recoil / Electric
- Ignition: Non-contact transistorized (T.C.I)

Engine Configuration

4-stroke, OHV, Forced air-cooled

Physical and Capacity

Physical Dimensions and Capacity

- Fuel Tank Capacity: 12 L
- Oil Capacity: 0.6 L
- Gross Weight: 44 kg
- Package Dimensions: 525 x 460 x 460 mm

Certifications

Compliance and Standards

CE • ISO 9001
