Product Overview

Industrial-Grade Portable Power

This portable gasoline generator set offers reliable power output utilizing a high-performance engine for consistent operation. Designed with a sturdy 32mm pipe frame and large capacity fuel tank, it is built for extended running times in demanding environments. The unit features integrated digital monitoring, multiple AC/DC output options, and optional mobility kits to suit professional site requirements.

Engine & Performance

Displacement	429 ml
Engine Configuration	4-stroke, OHV, Forced air-cooled

Electrical Specifications

Key Performance Metrics

3 % Voltage Regulation	6 % THD Limit
----------------------------------	-------------------------

Available Outputs

- DC Output: 12V/8.3A
- USB Output: 5V/1000mA
- AC Voltage Options: 110/120/220/230/240V (Single Phase) or 230/400V (Three Phase)

Design & Build

Construction Details

Feature	Specification
Frame Diameter	32mm
Fuel Tank Capacity	30L
Dimensions (L*W*H)	702x522x599mm

Safety & Protection

Waterproof receptacles • AC/DC Circuit protection • 3-in-1 Digital display • Fuel gauge
