

# Portable Gasoline Generator with GX390 Engine

This portable gasoline generator is designed for reliable power generation. It features a robust GX390 engine with a 13.0 horsepower output, ensuring sufficient power for various applications.

## ADDITIONAL IMAGES

## Overview

### Reliable Power Generation

This portable gasoline generator is engineered for consistent performance across various applications, from construction sites to emergency backup. Powered by a robust 13.0 horsepower GX390 engine, it delivers dependable output while maintaining efficient fuel consumption. The unit is built for durability and ease of use, featuring a sturdy frame, integrated wheels for portability, and essential safety mechanisms like overload protection and low oil shutdown.

## Engine & Performance

Engine Model	GX390
Horsepower	13 HP
Engine Type	OHV

## Electrical Specifications

### DC Output

<b>12 V</b> Voltage	<b>8.3 A</b> Current
------------------------	-------------------------

### Battery Specifications

Attribute	Value
Type	Sealed Lead-Acid (Non-spillable)
Voltage	12V
Capacity	15Ah/20Hr

## Features & Safety

### Convenience Features

- Electric Start
- Built-in Voltmeter
- Automatic Voltage Regulation (AVR)
- Integrated Wheels
- Sturdy Frame with Handles

### Safety Features

AC Circuit Breaker, DC Circuit Breaker, Overload Protection, Low Oil Shutdown

## Compliance

### Certifications

CE
