Overview

Professional Portable Power

This portable gasoline generator offers a reliable power solution with a rated output range of 1.0kW to 9.0kW. Engineered for safety and durability, it features a 4-stroke OHV air-cooled engine and an integrated automatic voltage regulation (AVR) system. Designed for versatile use, it includes essential protections against over-voltage, overheating, and overload, ensuring consistent performance in demanding environments.

Technical Specifications

Rated Power Range

1 kW

Minimum Rated Power

9 kW

Maximum Rated Power

Safety & Protection Systems

- Automatic Voltage Regulation (AVR)
- Over-voltage protection
- Overheat protection
- Overload protection
- Low oil alert system (automatic engine shut-off)

Engine Configuration

4-stroke, OHV (overhead valve), single cylinder, air-cooled

Certification & Compliance

Certifications

CE, EURO V, EPA, ISO 9001:2015

Operational Details

Warranty Coverage	2 years or 600 continuous working hours
Quality Control	Yes

Customization & Options

Configuration Options

Wheels and handles • Recoil start • Electric start • Single phase • Three phase • OEM available
