

Portable Gasoline Generator

This portable gasoline generator features a durable frame and an AC output panel. It is designed to provide electrical power in remote locations or during power outages.

Product Overview

Reliable Portable Power

This portable gasoline generator is engineered to provide dependable electrical power in remote locations or during unexpected power outages. Featuring a durable, robust frame and an efficient cooling system, it is built to withstand demanding environments. With its intuitive recoil start and accessible AC output panel, this unit offers a straightforward and effective solution for your power generation needs.

Technical Specifications

Model Number	SH-4000DX
Power Source	Gasoline
Start Mechanism	Recoil Start

Key Features

Primary Applications

Remote Power • Emergency Backup • Outdoor Use

Construction Highlights	Durable Frame, Robust Construction, Engine Cooling System
