Product Overview

Compact Power for Water Transfer

This portable gasoline water pump is a reliable, lightweight solution designed for efficient water movement in irrigation, construction, and emergency scenarios. It features a robust air-cooled 43cc engine and a durable cast iron volute for consistent performance in demanding environments. With a 30-meter maximum lift and a compact, protective steel frame, it is engineered for both longevity and high portability.

Key Performance Metrics

Core Specifications

1.4 HP

Engine Power

30 m

Max Lift

43 cc

Displacement

75 dB

Noise Level

Technical Details

Port Configuration

Connection	Diameter
Inlet Port	25mm (1 inch)
Outlet Port	25mm (1 inch)

Engine & Operation

- Air-cooled system
- TCI Ignition system
- 2 hours run time
- 6500 RPM

Logistics & Build

Weights and Dimensions

- Net Weight: 7.2 kg
- Gross Weight: 8.2 kg
- Packing Size: 410 x 285 x 365 mm

Container Quantities

20FT: 672 PCS, 40FT: 1392 PCS, 40HQ: 1392 PCS
