

Portable Handheld Steam Cleaner

This portable steam cleaner is designed for versatile cleaning applications. It features a handheld design with a nozzle attachment for targeted steam delivery.

Overview

Professional Steam Cleaning Performance

This portable handheld steam cleaner offers a powerful and efficient solution for various household cleaning tasks. Engineered for versatility, it delivers high-pressure steam at 135°C to effectively sanitize and clean diverse surfaces. With a compact, ergonomic design, it is an essential tool for maintaining hygiene in any environment.

Technical Performance

Power Output	900 W
Steam Pressure	3.5 BAR
Steam Temperature	135 °C
Steam Flow Rate	28 G/MIN

Operational Metrics

Heating Time	5 MIN
Steam Availability	10 MIN

Capacity

Tank Capacity (Max)	450 ML
Rated Water Capacity	150-270ML

Electrical

Voltage	100-127V~, 220-240V~
Frequency	50 HZ

Compliance

Certifications
CE • GS • ROHS
