

# Portable Home Dehumidifier with Casters

This portable dehumidifier is designed for home use. It features caster wheels for mobility and a water tank with level indicator.

## ADDITIONAL IMAGES

## Product Overview

### Compact Home Dehumidifier

This portable dehumidifier offers a compact and stylish solution for moisture control in small to medium-sized rooms. Engineered for efficiency, it features a high-quality piston compressor and uses environmentally friendly refrigerant, ensuring low-noise operation. With user-friendly features like accurate humidity control, a dedicated dry clothes mode, and automatic safety functions, it is an ideal choice for maintaining optimal indoor air quality.

## Key Features

### Core Functionalities

- Auto defrosting function
- Self-diagnose function
- Water full safety alarm and auto shut off
- Dry clothes function
- Accurate humidity control

## Design & Portability

### Mobility

Built-in wheels, Portable chassis, Integrated side handles, Compact design
