

# Portable Industrial Air Circulator Fan

This portable industrial fan is designed for efficient air circulation. It features robust construction, a wheeled base, adjustable height and tilt for customizable airflow.

## Product Overview

### Industrial Air Circulation Solution

The CIF-45CP is a high-performance portable industrial fan engineered for demanding environments like warehouses and workshops. Its robust construction and wheeled base ensure both long-term durability and effortless mobility across large floor spaces. With adjustable height and tilt settings, this unit provides precise, high-volume airflow exactly where it is needed most.

## Key Features

### Adjustability

- Adjustable Height
- Adjustable Tilt Angle

Model Number	CIF-45CP
Mobility	Portable, Wheeled Base

## Safety & Design

### Safety Features

Protective Grill • Stable Base Design

## Performance

### Performance Highlights

#### 1 High-Volume

Air Movement Capacity
