

Portable Insulated Refrigerator Bag

The portable personal refrigerator bag is designed for convenient cooling on the go. It features an insulated interior to maintain a cool temperature and adjustable straps for easy carrying.

Product Overview

Versatile Portable Cooling Solution

This portable personal refrigerator bag is designed for reliable cooling performance during travel, picnics, and outdoor activities. Featuring a robust, durable exterior and a high-performance insulated interior, it maintains cold temperatures effectively for food and beverages. The integrated cooling system, equipped with a fan and specialized cooling element, ensures that contents remain chilled while you are on the move.
