Overview

Clean and Reliable Power

This portable inverter generator is engineered to provide stable, clean power suitable for a wide range of professional and recreational applications. Featuring a robust 4-stroke OHV engine, it combines efficient performance with advanced safety systems, including overload, overheat, and low-oil protection. Designed for mobility, the unit includes convenient transport features and an ECO mode to optimize fuel consumption during operation.

Performance & Engine

Rated Power Output

1.8 kW

Minimum Rated Power

2.5 kW

Maximum Rated Power

Engine Specification

4-stroke, OHV (overhead valve), single cylinder, air-cooled

Starting Mechanism

Recoil Start, Electric Start

Safety & Certification

Compliance & Certifications

CE • EURO V • EPA • ISO 9001:2015

Safety Features

- Automatic Voltage Regulation (AVR)
- Over-voltage protection
- Overheat protection
- Overload protection
- Low oil alert system with automatic shutdown

Service & Warranty

Warranty Coverage	2 years or 600 continuous working hours
Quality Assurance	Yes
