

Portable Magnetic Drill Press

This portable drilling machine is designed for drilling large diameter holes in steel. It features a powerful motor and a strong magnetic base that provides excellent stability and holding power.

Overview

Professional Magnetic Drilling Solution

This portable magnetic drill press is engineered for heavy-duty steel fabrication and on-site drilling tasks. Featuring a powerful 1650W motor and a high-adhesion magnetic base, it provides the stability and performance required for precise hole drilling in various metal thicknesses. Designed for efficiency and operator comfort, it is an essential tool for construction, bridge building, and shipbuilding industries.

Performance Metrics

Motor Power

1650 W
Power

Magnet Adhesion

16500 N
Adhesion Force

Drilling Capabilities

Max Annular Cutter	50 mm
Cutting Depth	45 mm
Stroke	230 mm

Technical Specifications

No-load Speed	280 / 510 RPM
Supported Voltages	110V, 220V, 230V, 240V
Frequency	50-60Hz

Logistics

Weight Details

Type	Weight
Gross Weight	17.8 kg
Net Weight	14.8 kg

Package Size	58 x 38 x 18 cm
