

Portable Misting Fan with Water Reservoir

This portable misting fan is designed for cooling large spaces. It features a high-speed fan with misting nozzles and a water reservoir for evaporative cooling.

Overview

High-Performance Portable Misting Fan

This centrifugal misting fan is engineered for effective cooling in both outdoor environments and large indoor spaces. With a generous 26-liter water reservoir and a 9-hour operational capacity, it provides consistent cooling over long periods. Its portable design, featuring a stable base with wheels, ensures easy mobility for use in warehouses, patios, and events.

Performance Metrics

Air Delivery

170 m³/min

Air Volume

1350 rpm

Fan Speed

5 m

Effective Distance

Technical Specifications

Power Supply	220V/50Hz
Power Consumption	180 W
Fan Size	20 inch
Height	1.78 m

Water System

Water Tank Capacity	26 L
Continuous Runtime	9 hours

Certifications

Compliance	CE
