

Portable Multimedia Speaker System with LCD and FM Radio

This portable multimedia speaker system features an integrated LCD screen for video playback and FM radio. It also includes iPod docking, auxiliary input, and remote control.

Product Overview

Versatile Portable Multimedia Solution

This portable multimedia speaker system combines a 7-inch TFT LCD display with high-quality audio playback for an all-in-one entertainment experience. Designed for versatility, it includes an FM digital radio, CD playback, and modern connectivity options such as USB ports and SD/MMC slots. With support for both AC/DC operation and optional battery power, it is perfectly suited for use in diverse environments, from home settings to on-the-go applications.
