

Portable Outdoor Bluetooth Speaker with Long Standby

This portable outdoor speaker provides stereo sound without the need for a power supply. Its extended standby time and clear sound quality make it ideal for on-the-go use.

Overview

High-Performance Outdoor Audio

The TKL3-B is a portable Bluetooth speaker designed for versatile audio playback, featuring a durable MDF wooden cabinet with a sleek PVC finish. Equipped with dual 3-inch full-frequency drivers and a powerful digital amplifier, it delivers 20W of output for an immersive sound experience. With its built-in 2000 mAh battery, this speaker provides long-lasting standby time, making it an ideal companion for outdoor adventures and indoor events.
