Overview

Portable Audio Solution

This portable PA speaker system is designed for versatility, featuring dual 6.5-inch drivers that deliver clear, powerful audio for events and presentations. With a built-in rechargeable 3600mAh battery, it offers true wireless mobility, while the integrated LED lighting adds visual flair to any setting. The system supports multiple playback sources, including Bluetooth 5.0, USB, TF, and AUX, making it a comprehensive audio solution for both indoor and outdoor professional use.
