

Portable Personal Blender

This mini portable blender is designed for on-the-go convenience, allowing users to blend smoothies, juices, and shakes anywhere. It features a durable motor, stainless steel blades, and a detachable blending cup.

Product Overview

Compact Power for On-the-Go Nutrition

This portable personal blender is designed for efficiency and convenience, featuring a powerful 250W motor that reaches speeds of up to 24,000 RPM. Equipped with food-grade SUS304 stainless steel blades, it ensures smooth and consistent blending results for juices and smoothies. Its versatile design includes dual cup sizes for different tasks, such as chopping, grinding, or blending, making it an ideal solution for travel or small kitchen spaces.
