

# Portable Power Bank for Mobile Devices

This portable power bank is designed to provide on-the-go charging for mobile devices. It features multiple USB output ports for charging multiple devices simultaneously, and includes LED indicator lights to display the remaining battery capacity.

## ADDITIONAL IMAGES

## Overview

### Compact Portable Charging Solution

This portable power bank is designed for reliable on-the-go charging of mobile devices. Featuring a lightweight and compact form factor, it fits easily into pockets or bags, making it an ideal companion for travel or daily use. With dual USB outputs and a durable polymer battery, it provides efficient power delivery for your essential electronics.

## Performance Metrics

### Battery Capacity

**5000 mAh**  
Max Capacity

Battery Chemistry	Polymer battery
-------------------	-----------------

## Connectivity

Input Specifications	Micro USB: 5V 2A
Output Specifications	Dual USB: 5V 2A

## Physical Attributes

Dimensions	91.5 x 62 x 12.5 mm
Weight	102 g
Construction Material	ABS plastic

## Features

Key Features	Compact Design, Dual USB Output, Lightweight, LED Indicator
