

Portable Power Bank for Mobile Devices

This portable power bank utilizes a rechargeable Li-ion battery. It is suitable for providing power to iPhones and Samsung mobile phones, offering unlimited power through battery swapping.

Overview

Reliable Emergency Power

This portable power bank is designed to keep your mobile devices operational when conventional power sources are unavailable. Featuring a rechargeable Li-ion battery, it offers a dependable solution for emergency charging needs. The design supports unlimited power potential through a unique, separable battery system, making it an essential tool for field work and travel.

Technical Specifications

Battery Technology	Rechargeable Li-ion
Power Flexibility	Yes

Compatibility

Supported Devices	iPhone, Samsung Mobile Phones
