

Portable Power Station with AC/DC/USB Outlets

This portable power station features AC, DC, and USB outlets for versatile charging. Its 45000mAh battery capacity ensures extended power for small appliances and personal electronics during camping or power outages.

ADDITIONAL IMAGES

Overview

Lightweight, portable design with integrated handle for outdoor use.

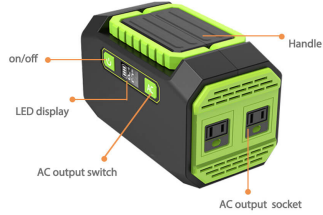

Portable Energy Solution

This portable power station is an ideal emergency backup for home use, camping, hiking, and fishing. Featuring a high-capacity 167Wh lithium battery, it provides reliable power for laptops, smartphones, tablets, TVs, and small appliances. Its lightweight, flame-retardant design ensures portability and safety for any off-grid adventure.

Capacity and Output

45000 mAh

Capacity

167 Wh

Energy

150 W

AC Output

Output Ports

Port Type	Quantity	Specification
AC Outlet	2	110V, 150W (250W peak)
DC Output	3	9~12V, 10A (120W max)
USB Output	2	5V, 3.1A

Physical Properties

Physical Stats

- Weight: 1.6 kg
- Dimensions: 196 x 108 x 126 mm
- Casing Material: Flame-Retardant ABS+PC

Safety and Performance

CHARACTERISTIC

Intelligent control system featuring U.S.T dual safe technology.

Compliance and Protection

CE, FCC, Short-circuit Protection, Over-current Protection, Over-voltage Protection, Over-temperature Protection

Battery Life

>500 charge cycles, estimated 10-year lifespan
