

Portable Power Station with Lithium Battery

This portable power station features a 360Wh/100000mAh 18650 lithium battery. It supports AC, DC, USB, and Type-C outputs and is compatible with Wi-Fi, iOS, and Android.

Product Overview

Versatile Energy Solution

The XGH360 Portable Power Station is a high-capacity energy solution designed for reliability and convenience. Featuring 18650 Lithium battery technology with a 360Wh capacity, it provides consistent power for a variety of devices. Equipped with multiple AC and DC output options, this unit is engineered to support professional and personal power needs across diverse voltage standards.
