

# Portable Pressurized Steam Cleaner

This portable steam cleaner is designed for versatile cleaning applications. It utilizes pressurized steam to effectively remove dirt, grease, and grime from surfaces such as countertops, appliances, and upholstery.

## Overview

### Portable Pressurized Steam Cleaner

This portable pressurized steam cleaner is designed for versatile cleaning applications in both home and commercial environments. Featuring a compact, handheld design, it provides excellent maneuverability for tackling dirt, grease, and grime in hard-to-reach areas. With a 300ml capacity and rapid steam generation, it offers efficient performance for various surfaces, including countertops, appliances, and upholstery.

## Technical Specifications

### Performance Metrics
